TOLERANCES

Corrosion and Heat Resistant Steel and Iron Base Alloy Sheet, Strip, and Plate
and
Titanium and Titanium Alloy Sheet, Strip, and Plate

- PURPOSE:** To publish established manufacturing tolerances.
- APPLICATION:** Tolerances shown herein apply, unless otherwise agreed upon by purchaser and vendor. These tolerances apply to all alloys and conditions and are based on individual measurements, unless otherwise noted. The term "excl" is used to apply only to the higher figure of the specified range.
- PARAGRAPH AND TABLE NUMBERS:** Paragraph and table numbers in this issue of AMS 2242 are not completely the same as in previous issues and may not be those referenced in AMS published earlier. The following cross-reference list is provided to assist in finding paragraphs and tables in this issue which are referenced in other AMS to their former numbers.
