

SURFACE VEHICLE INFORMATION REPORT

SAE J693

REAF.
APR89

Issued 1954-11
Reaffirmed 1989-04

Superseding J693 JUN84

TRUCK OVERALL WIDTHS ACROSS DUAL TIRES

Foreword—This Document has not been changed other than to put it into the new SAE Technical Standards Board Format.

1. Scope

2. References

2.1 Applicable Publications—The following publications form a part of this specification to the extent specified herein. Unless otherwise indicated, the latest issue of SAE publications shall apply.

2.1.1 SAE PUBLICATION—Available from SAE, 400 Commonwealth Drive, Warrendale, PA 15096-0001.

SAE J683 AUG85—Tire and Chain Clearance—Trucks, Buses (Except Suburban, Intercity, and Transit Buses), and Combinations of Vehicles

2.1.2 TIRE AND RIM ASSOCIATION PUBLICATIONS—Tire and Rim Association, 175 Montrose West Avenue, Suite 150, Copley, OH 44321.

Tire and Rim Association Standards

3. Reference Chart Only—To aid in obtaining overall widths across dual tires when requirements of frame widths, spring widths, chain clearance, and standard rim sizes are considered.

SAE Technical Standards Board Rules provide that: "This report is published by SAE to advance the state of technical and engineering sciences. The use of this report is entirely voluntary, and its applicability and suitability for any particular use, including any patent infringement arising therefrom, is the sole responsibility of the user."

SAE reviews each technical report at least every five years at which time it may be reaffirmed, revised, or cancelled. SAE invites your written comments and suggestions.
